LOW-PROFILE SURFACE-MOUNTED MAGNETIC TRACK TR26 WHITE 2 M

Easy surface-mounted installation
Low-profile design – aesthetic and discreet appearance
Flexible lighting configuration
Safe 48 V DC voltage

The low-profile surface-mounted magnetic track system (TR26 version) is a modern and aesthetic lighting solution designed for surface installation on ceilings and walls. Thanks to its compact design, the system is less visible and ideally suited for modern interior arrangements. The system consists of aluminium profiles with a cover and a full range of compatible accessories such as connectors, end caps, and power supply components. Quick and easy installation of luminaires, flexible configuration changes. The TR26 version is available with a full set of white luminaires and accessories, ensuring a consistent and minimalist appearance. 48 V DC power supply guarantees safe operation.
